Whats New...

With the ISSA/INTERCLEAN® 2012 quickly approaching we are hard at work preparing to make this ISSA show the best ever. Chicago is always an exciting place to meet our Sales Teams and plan for the upcoming year! In this competitive, ever changing industry we are always searching for great new products like the Micro Fiber Auto Drying Towel, which has been a recent addition to our line and has been very successful for many of our Distributors.

Since our last ISSA show we have welcomed aboard Access Partners who have taken over Bob McClung's territory. After many successful years as our Sales Rep for Northern California, Bob has decided to take a well deserved retirement.

Did you know?

Every Wool Duster we sell is made by us.

The cost of duster skins is determined by the footwear industry.
"The footwear market drives sheepskin prices, with a huge demand in Europe and the US."
(As quoted in the Weekly Times Now)

We make over twenty types of wool dusters. Floor, Ceiling, Wall, Extendable, Bendable, Mitt, Premium, Economy, Scented, you name it, we make it.

The **Dust Wand** wool duster has remained the most recognized name in dusters for over 4 decades.
